

## The SAATM Information Kit

During the 30th Ordinary Summit of the African Union (AU) Assembly of Heads of States and Government summit held in Addis Ababa, Ethiopia, on 29 January 2018 the Single African Air Transport Market (SAATM) was launched. An AU Agenda 2063 flagship project, the SAATM aims to liberalize the air transport market in Africa through the full implementation of the provisions of the Yamoussoukro Decision (YD).

The African Civil Aviation Commission (AFCAC) being the AU Specialized Agency for all Continental Civil Aviation matters has been charged with the responsibility of being the Executing Agency (EA) of the YD and the SAATM.

To ensure an easy and the full implementation of the YD through the SAATM, the Executing Agency has designed this Information Kit to guide AU Member States who wish to sign the Solemn Declaration and join the SAATM.
